NEIGHBORHOOD WATCH SIGN-UP SHEET
A Crime Prevention Program

By signing this sheet, I hereby agree to actively participate in the neighborhood watch program on _____. Active participation includes the following 3 things:

STREET NAME

1. **Know Your Neighbor.** Know the people and vehicles that belong on your street, and pay attention to anything out-of-the-ordinary.
2. **Make Your Property Secure.** Do your best to ensure that your own home, vehicle, and property are not an easy target for vandals and burglars. Locks, lights, fences, security systems, etc. Do what you can to protect your own home.
3. **Identify and Report Activities.** Make the call to police if you see any suspicious activity on your street, and ALWAYS report crimes that have occurred to you or your property. The neighborhood watch will work more effectively with police support, and higher police support and visibility is attained through more calls. Also, making the call to your neighbor or block captain will help ensure that the same crime does not happen to your neighbor.
