

Learn some exciting, simple, low-cost experiments to engage your students!

Attend a one-week training next Summer – FREE!

ASM MATERIALS CAMP® 2010

**Oak Ridge/Knoxville
Knoxville, TN
June 21-25, 2010**

Who: High school general science, chemistry, physics, math and technology teachers; middle school science teachers.

What: A one-week workshop to show you how to use low cost / no cost, simple labs and experiments using everyday materials that can be integrated into your existing lesson plans.

Why: To engage and excite young people in science and math!

Program Fees: None—program includes lunch and supplies; transportation and other costs are your expense.

Credit: 2 semester / 3 quarter graduate credits available for an additional cost of about \$200.

Schedule: This is a full day (8:00 to 5:00 PM) 5-day long workshop. (Note: Possibility of late afternoon/evening in the event of fieldtrips scheduled.)

Faculty: Primary faculty are two experienced high school “Master Teachers” who have taught materials science courses for many years and helped develop this innovative approach to hands-on learning of applied science principles.
