## ORKC NOVEMBER CLUB MEETING

*Teresa Pless*

**DATE:** Thursday, November 1

**TIME:** 7:00 PM -- come early and enjoy the soup!

**PLACE:** The Soup Kitchen, Oak Ridge

**SPEAKER:** Michelle Davis, Director of Health and Safety, Appalachian Chapter of American Red Cross.

Michelle will conduct a presentation on pet safety and first aid and also provide information on the importance of the American Red Cross. We have requested that she bring some of the pet first aid kits and any other items that might be useful for the members to purchase for a small donation. Please come and join us for an informative evening to learn more about the safety and first aid of our beloved canine friends.

## Property Update

*Robert Pless*

On 10/18/07, I received an email from City Manager Jim O'Connor informing me that the city now owns the armory property. He is in the process of setting up a meeting with myself and the representatives of Girls, Inc. on the process of transferring the property to our organizations. I can only speculate that this will still have to go before city council for approval but at least this is a step in the right direction. We are getting extremely close to having a training center that we can finally call our own.

## Membership Renewal Note:

Membership renewals are due in January, and new forms must be sent in with every renewal. You can find a membership form on Page 11 of this *Woofers* or on the ORKC web site.

## Training Director's Report

*Ione Smith*

Hello to all!

As Robert has reported, it looks like we are finally about to own our own property. Once we actually have the deed, we will be able to start up classes once again. We are hoping to start our winter/spring session in January, so keep watching this space and the web site for further details. And remember, there will be a LOT of work to do on the new land and buildings, so be ready to donate some time and elbow grease to your club!

Remember that the Campbell County Humane Society will once again be holding a fun match/pet event on Saturday, November 3, from 10:00 AM - 2:00 PM. The ORKC will again be manning a booth and giving obedience and rally demonstrations at the match. We had lots of fun with this event in the spring, and we'll need help to do it again in November. If you can help out that day, please contact me at [amazondoc@mindspring.com](mailto:amazondoc@mindspring.com). Thanks!

The joint rally classes held in conjunction with the Smoky Mountain Owner Handlers Club started off well a few weeks ago. The class was completely filled, with members from both clubs attending. Unfortunately, the pet store where the classes were being held was suddenly closed with no warning, so the classes have had to be suspended for now. A new site has already been found, however, so we may be starting up again soon!

And finally, the Pet Fest/Blessing of the Animals held at Grace Lutheran Church in Oak Ridge was another great opportunity for the ORKC to interact with the community. There were about 10 club members present. We got to talk to lots of local Oak Ridgers, and even met Mary Harvey -- who was president of ORKC back in the 50's! It was a lovely day, and great advertising for our club.

## Notes From Club Members

### Cleaning Supply Donations

Robert Pless reminds us once again that we will have a lot of cleaning work ahead of us once our new property is officially in our hands. We will need all sorts of cleaning supplies -- brooms, mops, towels, scrub brushes, detergents, buckets, most anything you can think of. Support your club and help us to make our new training facilities shine! Contact Robert at [VOLTraveler@aol.com](mailto:VOLTraveler@aol.com) to make donations!

### Trophy Ideas

Joyce Cardwell wants everyone to keep thinking ahead to our spring show. Think NOW about the trophies you will be donating. Whether you donate conformation or obedience trophies, we need club members to donate! Contact Joyce at [GladyTimes@aol.com](mailto:GladyTimes@aol.com) to make donations for conformation trophies or to share your ideas. For obedience trophies, please contact Bonnie Herrell at [scarlet25@comcast.net](mailto:scarlet25@comcast.net), or Linda Hargis at [charles-hargis@utk.edu](mailto:charles-hargis@utk.edu).

### "Fill Your Cup" Group

**When: Thursdays, November 15 and December 20, 2007**

**Where: Young-Williams Animal Center, 3201 Division Street, Knoxville, TN 37919**

In the work of caring for animals it is natural for people to experience compassion fatigue from working very hard and caring very much. This one and a half hour group is for veterinarians, veterinary technicians, veterinary assistants, client representatives, animal shelter workers, animal control officers, animal abuse investigators, and rescue group workers. The group will consist of a discussion about compassion fatigue triggers for animal-related professions as well as offer activities that help to increase capacities for dealing with compassion fatigue. The group serves animal-related professionals in the Nine-County Region.

There is no fee for this group. Facilitators are Dr. Elizabeth B. Strand, LCSW, Founding Director of Veterinary Social Work, University of Tennessee College of Veterinary Medicine and Taylor Slemmer, Humane Educator, Young-Williams Animal Center.

For more information, please contact Dr. Strand

## ORKC Member BRAGS!

### Jim Pearce and Penny!

Jim Pearce and Fern Hill Pennyroyal, RE had a busy summer. After completing her Rally Novice title in November 2006, Penny completed her Rally Advanced title at the Oak Ridge spring show, and then finished her Rally Excellent title at the Knoxville summer show, placing first or second in every leg! Penny is now working on her CD title -- completed one leg at Knoxville and hopes to finish up later this fall. Penny is bred and owned by Jim Pearce and Karen Edwards, by AFC AFTCH Rosehills Mr. Speaker, MH, OS, FDHF out of our Adirondac Hilfy of Fern Hill, CD

Thanks to lone Smith for training advice and encouragement!

### Bonnie Herrell and Maggie and Bliss!

Twincreeks Maggie, Australian Shepherd owned by Bonnie Herrell earned her 30th and 31st titles at Tennessee Valley Kennel Club's Agility Trial in September. She qualified 6 out of 6 to earn the Novice Agility Preferred and the Novice Agility Jumper Preferred Titles. All Legs were with Placement Ribbons.

Cobblestone Blissfully Lakenight, (Bliss) also an Australian Shepherd owned by Bonnie earned her first Excellent B Standard leg.

## Blessing of The Animals ~ September 24, 2007

*Marg Ellis*

Saturday afternoon, September 24 was picture perfect; bright, cloudless, and just pleasantly warm. What a relief after the endless of days of sweltering heat during the oppressive 'dog-days' of late summer. The 6th annual "Blessing of the Animals", at the Grace Lutheran Church in Oak Ridge, was not only a Dog Day, but also a Cat & Llama & Ferret & more Day of a different sort. Grace offers this event to celebrate God's gift to us of our pets, to recognize the valuable roles they play in our lives, and to promote responsible pet ownership including spay and neutering programs. Several area rescue groups brought animals in need of a home. But the highlight was the Blessing of each individual animal by the caring Pastors.

At the ORKC booth, club members relaxed under our brand new canopy and ORKC sign. We handed out AKC educational materials as well as information about our club and training classes. But it wasn't all business since we each had a chance to wander around and enjoy the festivities and get our pets blessed. All in all it was a fun family day filled with the delights of children's laughter, puppy snuggles and some of the strangest pets.

*See more pictures on the ORKC Web Site!*

## Help Needed for our January Agility Trials!

A staff of at least seventeen is required at all times (1 gate steward, 3-5 ring stewards, 1 transcribe, 1 scribe, 1 timer, 4-5 course builders, 2 for ribbons, 1 leash runner, 1 scribe sheet runner, and 1 time-keeper) for each class and different heights.

We also need a Hospitality person who will ensure judges have drinks/taken to dinner each evening if judges wish and pick up and return to airport.

We need workers from 7:00 am until end of competition (at least 4:00 pm). **Please e-mail Frances Hart at [timbre11@comcast.net](mailto:timbre11@comcast.net) or call 865-689-7140 to sign up.**

*Below is a list of worker jobs and a brief description of each:*

### Course Builder

*Summary: Move obstacles between rounds as directed by the Chief Course Builder.*

Help move equipment between classes to set the course for the next class. Requires more brawn than brains. You must be aware of when each class ends so the new course can be set quickly. Efficiency in course building can significantly affect how late a show goes. Generally, the Chief Course Builder (and then the Judge during final "tweaking") provides instruction about what pieces of equipment are needed and where to place them.

### Gate Steward

*Summary: Make sure dogs and handlers are ready at start line.*

Armed with a running order, call out the names of handlers and dogs to make sure they are present and aware of when they will be going into the ring. You must not be too shy for this job as it can require shouting for missing handlers. You must also be prepared for nervous handlers asking repeatedly when they will be running. It's a great way to get to know names and faces. You can make a show run faster and smoother if you:

Have the next three dogs ready to go.

Have the next dog on the starting line--without its collar!--before the previous dog finishes, if possible.

Provide information to the Assistant Scribe to ensure that the running order matches the scribe sheets.

Note: Before going to ring: Pick up running order list and pen from Score Table. (Or they might already be posted at ringside.)

### Scribe

*Summary: Make marks on paper when judge raises hand or calls out a number.*

Mark down faults and points as directed by Judge on the scribe sheet while each dog is running. Scribing differs for different classes, just as judging differs. The Judge will instruct you as to the meaning of various hand signals; s/he is always pleased to provide you with a quick one-minute primer on the signals if you ask. If you ever are unclear about a Judge's signal, wait until after that run and clarify before the next dog starts. It is wise to verify that you have the correct scribe sheet for each dog. Important: You must watch only the Judge at all times during each run, never the dog or handler.

Note: Before the first dog: Get pen and clipboard with first dog's scribe sheet from the Assistant Scribe.

### Trans Scribe

*Summary: Give the Scribe the correct scribe sheet for the next dog and write down the previous dog's time.*

As the first dog starts, place the first dog's scribe sheet onto a clipboard and give it to the Scribe. As each dog finishes, take the clipboard with scribe sheet from the Scribe and hand over the next scribe sheet on the second clipboard.

*(Continued on the next page...)*

*(Continued from the previous page...)*

### Trans Scribe...

With a two-stopwatch system, also take the stopwatch from the Timer at the end of the run, return a second zeroed stopwatch to the Timer to start the next dog, record the time on the scribe sheet, and reset the watch. This job is critical for ensuring that the Scribe writes scores on the correct scribe sheet, as there are often changes in the running order at the last minute or even during the class.

When a dog has not signed in, just write Absent on scribe sheet and give it to the Scribe Runner (sometimes it is put at the end of that height as there may be conflicts)

Note: Before going to ring: Pick up two small clipboards, scribe sheets, and two pens from Score Table.

## Timer

*Summary: Timing of runs (crucial)*

This job requires full attention and no distractions, as focusing on the dog crossing the start line and finish line is critical. One person must time an entire jump height within a class to minimize timing differences. The Judge will give you specific instructions on timing a class before the first dog runs.

The Timer is important in keeping the competition running on time, so you must cue the next dog and handler by saying "Ready!" loudly and clearly as soon as you see that the Judge is ready and you are ready to begin; you can also nod or signal with a flag but not all handlers look at the timer when starting so a loud call is important.

## Runner

*Summary: Take scribe sheet from Assistant Scribe to Score Table.*

Runners usually take sheets from the Assistant Scribe to the Score Table one at a time. Might require a bit of walking (probably not running).

## Leash Runner

*Summary: Take leashes from start line to finish line.*

This is a very easy job often filled by children. However, you should be as invisible as possible to the handler at the start; don't demand the leash or crowd the dog in anticipation of the removal of the leash.

## Ring Steward (Pole Setter and Chute Straightener)

*Summary: Reset bars for height changes and when they are knocked by dogs during a run.*

Judge will instruct you before each class as to where to should sit and whether the bars are to be reset during a run; for example, if a jump is taken twice in the same run. Bars are never reset during a Gamblers run. If the course includes a collapsed tunnel, you will also straighten the tube after each dog. This is a great job for watching each dog run as you must be attentive to the happenings in the ring at all times.

## Registration Check-in

*Summary: Check names off a list and or make sure all know when envelopes with numbers are*

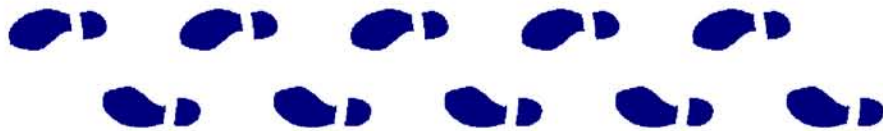

If you can help first thing in the morning, you can offer your services at the Registration Table. Make sure each exhibitor gets a toy at our show

## Awards

*Summary: Have Ribbons ready*

Get the results from the score table for a class and put printout on back of ribbons and put in baskets, also post score sheets after each class
