

During World War II, having mud on your boots was a sign of the effort it took to build the Manhattan Project. For the past 30 years ETEC has used the Muddy Boot Award to honor the men and women whose hard work and dedication have helped establish the Oak Ridge community, making it a great place to live, work, and play.

The Postma Young Professional Medal honors young professionals who are shaping the Oak Ridge of the future.

Come experience the history and witness the unveiling of the **East Tennessee Economic Council's** new permanent displays honoring winners of the...
