### *The Church Assessment Tool*

*"And this is my prayer: that your love may abound more and more in knowledge and depth of insight, so that you may be able to discern what is best and may be pure and blameless until the day of Christ, filled with the fruit of righteousness that comes through Jesus Christ - to the glory and praise of God."*

## Prayer Litany for a Counting God

O God who counts the stars to determine that not one of them is missing.

***Help us to remember your care for all that is made.***

O Christ who knows all your sheep and none can be snatched from your hand.

***Inspire us to tend carefully over your flock and to note the missing.***

O God who had Noah count the animals being saved from destruction.

***Help us to count how well we are tending your garden and its creatures.***

O God who counts the six water jars where water is turned into wine.

***Help us attend to the details of your working.***

O Christ who counts the talents to see how well his servants have invested.

***Help us to be fearless in measuring our effectiveness.***

O Christ who counted the baskets of loaves and fishes.

***Make us mindful of the miracles within our communities.***

O Christ who listened to the accounting of the seventy upon their return.

***Help us to track our apostolic actions.***

O God who counts the 153 fish netted by the disciples.

***Let us count how life is different in your risen presence.***

O Spirit who counted the 3000 baptized at Pentecost.

***Help us to measure how well we are sharing your love.***

O God who in Christ never counts our sins against us.

***Set us free from counting our sins and the sins of others in a way that imprisons us in the past.***

***Amen.***

## DRIVERS

### What is a Driver?

A driver is a component of the church life that significantly impacts how people feel or behave towards the church. Drivers point to the critical services that members use to evaluate how well a church is addressing their concerns and the degree to which they will participate in and support the church. Drivers disclose areas in which the church is performing well and members feel positive. Drivers also disclose areas in which the church may not be functioning as well and members feel more negative. By attending to drivers, a church can focus attention on the services that may have the greatest impact on their members.

## DESCRIPTIVE INDICES

### Flexible Style Index

The Flexible Style Index registers the degree to which the church is willing to make adjustments in the way it goes about its ministry. The more flexible a church, the more likely it is to adapt to the particular context in which it is serving to meet either the needs of its members or those of the community. The less flexible a church, the more likely it is to believe that a particular style is central to its identity.

#### Question Text

Q8	In addition to the 1979 Book of Common Prayer and The Hymnal 1982, we use a variety of Supplemental Liturgical Materials and alternative rites, readings and music resources
*Q16	Our church tends to stay very close to established ways of doing things.
Q28	We are willing to adapt our worship to the needs and circumstances of the people we want to reach in our local community.
Q32	Our church changes its program from time to time to meet the changing needs of members.

## DESCRIPTIVE MAP

This map indicates the particular style of a church using two characteristics. The first characteristic is whether the church is theologically conservative or progressive. The second characteristic is whether the church is more flexible or settled in its approach to its life. The combination of these two characteristics produces the four different possibilities for the overall style of a church. These are noted in the four quadrants of the map. It is important to keep this map in mind when calling a new pastor or when planning major changes in the life of a church.

## PERFORMANCE INDICES

### Hospitality Index

The Hospitality Index seeks to measure the degree to which members perceive that the congregation is engaged in offering themselves and their resources to folks who are new, different, or in need. Persons generally expect that churches will be inviting and supportive communities. However, church communities have decidedly different "temperatures" to those who enter them. Some churches feel cold. Others feel warm. It can be difficult for members to gauge this accurately since some may have a network of relationships that others do not. If scores in this indices are low, it is important to give it priority.

#### Question Text

Q12	Our church welcomes and is enriched by persons from many different walks of life.
Q19	Being part of this church community has given new meaning to my life.
Q26	A friendly atmosphere prevails among the members of our church.
Q33	I sense an atmosphere of genuine care and concern among our members in time of personal need.
Q38	Members in our church have been prepared to personally welcome guests in worship services.

Q38	0.0	3.3	4.9	23.0	52.5	16.4

#### Comparative Profile (These show how your scores compared with other churches your size.)

## PERFORMANCE INDICES

### Morale Index

Morale is the positive, passionate, and persuasive engagement of members in the mission of the church. It is positive in that people find energy generated in their experiences with the church. It is passionate in that it engages people emotionally and not simply conceptually or in dutiful behavior. It is persuasive in that people sense the need to bring others into the experience.

Developing high morale must be a critical long term strategy. It is not as easily changed as the Hospitality Index. It requires clear direction, the ability to set goals and meet them, and the development of a sense that the work of the church is very important in the world.

### Question Text

*Q6	It seems to me that we are just going through the motions of church activity. There isn't much excitement about it among our members.
Q10	The whole spirit in our congregation makes people want to get as involved as possible.
Q41	On the whole, I am satisfied with how things are in our congregation.

## PERFORMANCE INDICES

### Conflict Management Index

The Conflict Management Index measures the degree to which members believe that conflict is appropriately managed and, where possible, resolved. It is important to note that the Conflict Management Index does not correlate strongly with the Hospitality Index or the Spiritual Vitality Index. This means that a congregation can perceive itself as having a strong faith and a genuine concern for one another, yet still experience painful conflict. This is because the tools required to deal with conflict go beyond good intentions, and involve specific training that nearly anyone can learn...if they choose to do so.

#### Question Text

*Q3	There is a disturbing amount of conflict in our congregation.
Q7	Problems between groups in this congregation are usually resolved through mutual effort.
Q14	Among most of our members there is a healthy tolerance of differing opinions and beliefs.
*Q36	There is frequently a small group of members that opposes what the majority want to do.

## PERFORMANCE INDICES

### Governance Index

The Governance Index measures the degree to which members believe that the decision making structures and processes of the church are open to their concerns and input. While church polity may lodge almost all decision-making in one group of persons, a Board for example, there are many creative ways in which that authority can be delegated or shared. Committees, commissions, task forces, leadership assemblies, and joint meetings expand the decision-making circle. Regular input from surveys, focus groups, and interviews can give people a sense of involvement in the way decisions are made. As people perceive openness in the way leaders make decisions, they are more likely to have high morale and support the decisions that have been made.

### Question Text

Q13	The leaders of our church show a genuine concern to know what people are thinking when decisions need to be made.
*Q23	The same small group of people seem to make most of the important decisions in our church.
Q34	In important decisions in our church, adequate opportunity for consideration of different approaches is usually provided.
Q42	Persons who serve as leaders in our church are representative of the membership.

Q42	1.6	0.0	3.2	20.6	50.8	23.8

### Comparative Profile (These show how your scores compared with other churches your size.)

## PERFORMANCE INDICES

### Spiritual Vitality Index

The Spiritual Vitality Index measures the degree to which members believe that their faith is central to their lives rather than peripheral or episodic. It is an important index in that it correlates mildly with the Hospitality Index. In addition, the Spiritual Vitality Index relates strongly to the percent of household income that members give to the church. This would seem to confirm what Jesus said: "Where your treasure is, there will your heart be also."

#### Question Text

Q1	My spiritual experiences often impact the way I look at life.
Q5	My spirituality is really the basis of my whole approach to life.
Q9	I experience the presence of God in my life.
Q37	I work to connect my faith to all the other aspects of my life.
*Q44	Although my faith is important to me, I feel there are other things more pressing in my life right now.

## PERFORMANCE INDICES

### Readiness for Ministry Index

In the last thirty years, a shift has taken place in our understanding of ministry. Some churches call it lay ministry, some lay leadership, others, the ministry of the baptized. In each case the basic concept is that all members of a church are called to ministry, and it is the responsibility of the church to help members identify their gifts and connect to ministries that best fit those gifts. The Readiness for Ministry Index measures the degree to which the church has helped members make this transition in their understanding and equipped them for their own particular ministry,

#### Question Text

Q17	Our church does a good job helping each member understand that he or she is called to ministry.
Q22	Our church prepares our members for ministry by helping them discern their gifts.
Q43	Our church provides opportunities for members to engage in active ministry within the church and to the world.
Q48	Our church does a good job supporting persons in ministry by reminding them that they are making a difference.
Q35	In our congregation the laity work with the Rector in planning and leading worship services

## PERFORMANCE INDICES

### Educational Engagement Index

Christian education is a life-long process that enriches a person's spiritual life and better prepares him or her for service in the world. The Educational Engagement Index measures the degree to which members share in that understanding. It also gauges the degree to which the church provides developmentally appropriate education across the entire span of life. In addition, it recognizes that members are living with a variety of schedules and that education must be provided in a way that adapts to member needs.

#### Question Text

Q4	Our members understand that they have a spiritual responsibility for life-long learning and formation.
Q15	Our church provides opportunities for education and formation in a variety of ways so that I can find one that fits my complex lifestyle.
Q21	Our church provides high quality education that is appropriate to every age and stage of life.

## PERFORMANCE INDICES

### Worship and Music Index

The worship experience is central to the vitality and growth of a congregation. While members are often engaged in a wide variety of activities, worship is the one experience that every member shares. Research suggests that worship is a primary factor in the morale of a congregation and that when the worship experience of a congregation is vibrant, members also tend to feel energized about the work of the church. The Worship and Music Indices seeks to capture the congregation's feelings about the quality of the worship experience.

#### Question Text

Q40	The music at our church is outstanding in quality and appropriate in style to our congregation.
Q46	The worship services at our church are exceptional in both quality and spiritual content.
