

## **DONATIONS TO BURLINGTON LIBRARY PROJECT -- THANK YOU !**

T.H.E. extends our thanks to area residents, east Knoxville businesses and organizations, and our City Council members, all of whom gave generously to THE's Burlington Branch Library fundraiser. That volunteer spirit has helped the library get the computer learning center up and running in early December, and it now offers a series of classes for anyone wishing to learn new skills or brush up on rusty ones.

The community's fundraiser has helped preserve the branch's book budget, and the new facility helps provide life-long learning for all who seek it. Our heart-felt thanks to the following (and to anyone we may have missed or who still wishes to give to the Burlington Branch):
